

Online Communications Insights and Statistics

July 2020

Total Web Traffic – ALL PROPERTIES: 27,198,418 sessions (-0.6% from past month)

Highlights:

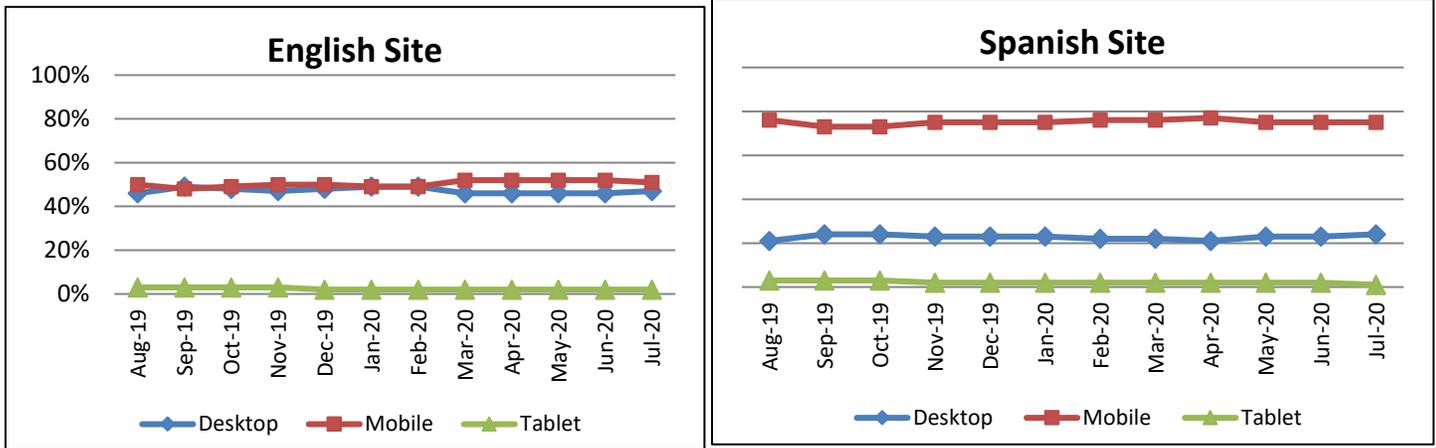

- **Web Traffic Remains at Pre-April Levels:** Web traffic recorded a total of just over 27 million total sessions, maintaining the resurgent levels from June after the April and May drop in traffic due to COVID.

Web Traffic in Sessions*: The total sessions and users shown at the top of the “Web Traffic in Sessions” graph for all USCIS properties represents how many sessions there were to either the USCIS.gov website, E-Verify.gov (tracking for E-Verify.gov began in Sept. 2018), myUSCIS (authenticated and unauthenticated sessions counted separately) and CRIS Tools. Note that the separate sites are not simply added together to reach a correct “TOTAL” traffic number because there is overlap. For example, in a single session, some people visit two or even all three of the domains. Additionally, on the Spanish USCIS.gov website, every session is considered a session on USCIS.gov because Spanish sessions are delineated by the /es, but they are still in the same domain as USCIS.gov.

USCIS.gov Website Visitors: Percentages using desktop, mobile and tablets over time

Web Traffic in Sessions*: The total sessions and users shown at the top of the “Web Traffic in Sessions” graph for all USCIS properties represents how many sessions there were to either the USCIS.gov website, E-Verify.gov (tracking for E-Verify.gov began in Sept. 2018), myUSCIS (authenticated and unauthenticated sessions counted separately) and CRIS Tools. Note that the separate sites are not simply added together to reach a correct “TOTAL” traffic number because there is overlap. For example, in a single session, some people visit two or even all three of the domains.
