June 2021

Total Web Traffic – ALL PROPERTIES: 31,532,680 sessions (+5.7% from past month)

Highlights:

- Overall Web Traffic Remains Steady above 2020 Levels:** Traffic remained steady over the previous month, up nearly 6%, and web traffic remained well above the average monthly traffic from the previous year.

Web Traffic in Sessions*: The total sessions and users shown at the top of the “Web Traffic in Sessions” graph for all USCIS properties represents how many sessions there were to either the USCIS.gov website, E-Verify.gov (tracking for E-Verify.gov began in Sept. 2018), myUSCIS (authenticated and unauthenticated sessions counted separately) and CRIS Tools. Note that the separate sites are not simply added together to reach a correct “TOTAL” traffic number because there is overlap. For example, in a single session, some people visit two or even all three of the domains. Additionally, on the Spanish USCIS.gov website, every session is considered a session on USCIS.gov because Spanish sessions are delineated by the /es, but they are still in the same domain as USCIS.gov.
